How to play

-  Give each kid a PupPort.
-  Pick 4 stations from page 4.
-  At each station, draw one challenge card.
-  When the puppy tries, stamp the PupPort.

The story

Someone hid the Golden Birthday Bone. The puppies need the kids to become detectives, follow the clues, and bring the bone stash back before cake.

Hide the clues in this order

- | | |
|--------------------------|---------------------------|
| 1 Dad starts with card 1 | 5 hot dog area |
| 2 dog houses | 6 near yellow decorations |
| 3 collar table | 7 puppy adoption area |
| 4 under a chair | 8 final stash |

How to run it

- 🐾 Give the birthday girl the first clue or make her Chief Detective.
- 🐾 Let kids take turns carrying the next clue card.
- 🐾 Read clues aloud and ask the group to point where they think it means.
- 🐾 Final stash ideas: yellow bag of bone tokens, stickers, fruit snacks, or tiny puppy accessories.
- 🐾 End with the detective promise: We solved the case as a pack.
